It was a perfect night for running on our last night street event, cool and still and not too much traffic as the event traversed some interesting areas in the middle of Newmarket and Parnell.
Thanks to the Hayes family for letting us overflow the deck at the front of their house.

We take break for a few weeks before our next city event, which is after daylight saving kicks in and we start our SummerNav series again. Check the website for details.

In the meantime, if you need more orienteering, we also have the last forest event for the year coming up on the 9th of October. It will be in Woodhill forest and all ages and skill levels are catered for - it would be great to see you there. Again check out the website for details as it is best to pre register for that event.
