

Planner: Matthew Greenwood - Controller: Alison Comer

What a beautiful evening for our finale of SummerNav 2016 2017! There were many tired but happy people returning after completing one of Matthews SIX courses which he had set for you tonight. Matthew has recently turned 10 and at the end of the evening, having already run all around putting out controls he went out and ran his course 1XL – What will he be doing when he is 20!!! During the evening we had a visit from one of the Cornwall Park Trust personnel who kindly allow us to use their lovely park and they were amazed to see the park so alive with people of all ages. It was great to still be welcoming along first timers, even on our final night and we look forward to seeing lots of you at our winter events around the city, and even more so out in the forest for one of our Sunday events. Don't forget, first time forest orienteers get a free run so do make sure you come along and see what forest orienteering is all about. We know you will love it – that is why we offer you a free first go so you can come and see for yourself!
